PROFILE

Web Application Developer with hands-on experience building responsive, user-friendly, and scalable web applications using React.js, JavaScript, HTML5, CSS, Bootstrap, and Tailwind CSS. Experienced with WordPress and Webflow for content-managed and low-code sites, with working knowledge of PostgreSQL/MySQL, REST API integration, Git/GitHub version control, web hosting, domain management, SEO, accessibility, and web security best practices. Comfortable working across the full stack, from theme and component customization to backend integration, and quick to pick up new low-code platforms such as OutSystems. Looking to bring this skill set to a fast-paced, international sports-technology environment.
